ICT Apprentice Jobs – Various Job Roles

Are you 16-23 years old?

Are you motivated and want to kick start your career?

An Apprenticeship is a training package where you gain your qualifications whilst you are employed doing a real job and earning a wage of **£100 - £150 per week**.

You will work with your employer and attend training and gain your BTEC/QCF level 3 qualification.

Our Apprenticeships are open to young people aged 16-23 year olds who are looking to stay ahead of the game in an increasingly competitive jobs market.

Apprenticeships are government funded so you don't have to worry about paying tuition fees or repaying a student loan once you've achieved your qualification.

Why should you choose an Apprenticeship in the ICT & Tech Industries?

Earn a salary with paid employment from day one of the programme. Benefit from education and experience whilst avoiding the debts and costs of university. Increase your future earning potential in the IT industry. Training provided to gain valuable ICT skills to help you throughout your career.

EARN WHILE YOU LEARN

YOUR FUTURE
