

Web Developers, Testers, Help Desk, Microsoft MCSA & Various Job roles

Are you motivated and want to kick start your career? An Apprenticeship is a training package where you gain your qualifications whilst you are employed doing a real job and earning a wage of £150 - £200 per week. You will work with your employer and attend training and gain your BTEC/QCF level 3 qualification & Microsoft MCSA.

Our Apprenticeships are open to young people aged 16 – 23 year olds who are looking to stay ahead of the game in an increasingly competitive jobs market. Apprenticeships are government funded so you don't have to worry about paying tuition fees or repaying a student loan once you've achieved your qualification.

Why should you choose an Apprenticeship in the IT & Tech Industries? Earn a salary with paid employment from day one of the programme train in important IT qualifications for a leading London employer, with the potential of a permanent job after your apprenticeship benefit from education and experience whilst avoiding the debts and costs of university Increase your future earning potential in the IT industry, learn valuable new skills to help you throughout your career.

What happens after your IT Apprenticeship? Over 90% of our apprentices are offered permanent positions with their apprenticeship employer at the end of the programme, but if for any reason you weren't, there's no need to worry! Our recruitment teams have been helping IT professionals into employment since 2011, and you'll receive expert career support to get you back into employment. Alternatively, you could use the UCAS points received from the course to attend university.

What Do You Need to Be Eligible for an IT Apprenticeship in London:

- Passionate about IT and technology
- Willingness to commit to a 12-18 month programme
- UK/EU Citizen
- Age 16-23

If you would like to take the step to an exciting career, we have over 100 job roles from IT HELP DESK to Games developers.
